Key Features

A Grimoire Full of Powerful Magic...

Choose your character class, customize them with items that can increase or decrease their stats.

Interchange Adventure Maps!

Travel to various regions in the world, gather necessary items from the Map Caves, fight monsters, and increase your experience.

The upper limit of your level is the Fantasy Worlds. These Fantasy Worlds are a map that consists of surrounding worlds. Furthermore, Monsters, Explorable Objects, and treasure chests can be found in each fantasy world. One thing should be said you can go to a world through their own Heroic boss and directly fight. In addition, to save more time to level up when gathering items, at a specific "Power-up" you get a strengthening effect and a Skill upgrade.

An important note is that the level that monsters have is shown in detail, so you get to know what they are like. Sorry for what some of you may find if you have previously played other Fantasy RPGs as the way this is looked is very different. You will be immediately impressed when you actually play it.
