Also new to FIFA 22 is “Be A Pro,” which lets you take on the role of a player as you practice your shot and take free-kicks from the goalkeeper’s point of view. You even get to test your skill by playing against a few opponents, saving shots or taking shots. In addition, the “Battle Demo,” which was first introduced in FIFA 17, is back and it allows you to play a series of gameplay modes where you can create your favorite team and experience 10 real-life tournaments and leagues from the top leagues in the world. FIFA 22 adds two new leagues to the already included UEFA Champions League and World Cup. The new Ultimate Team has a brand-new “Have your say” selection system. You have a say on each player’s transfer, and at any moment you can submit your recommendations to FIFA. The “Selection Grids” feature allows you to rearrange the squad in your Ultimate Team in three different playing styles, namely “Goalkeeper/Defender,” “Midfield” and “Attack.” We invite you to spend some time in the Selection Grids and find the most fitting combination for your virtual football team. You can now connect to the Xbox Live Companion app to receive in-game messages and to send and view your in-game messages via the app’s social network features. The app also allows you to

FIFA is the official videogame of the FIFA franchise by Electronic Arts, which is one of the world's leading brands. The FIFA franchise is a series of association football video games in which players take charge of a football club as they guide them through the seasons and competitions of the World Football Cup. How does FIFA work? FIFA delivers the most authentic, complete and immersive football experience in sports gaming. The FIFA World Cup simulation is managed by a single club, with many playable players (men's, women's and youngsters' teams) competing as part of the squad. No two clubs are the same, and only the best footballers will ever play for FIFA. FIFA World Cups are the pinnacle of football - the competition that decides the sport's very best. Starting in 1930, FIFA World Cups have been played every four years since, with the next tournament taking place in Russia next summer. In FIFA, the way you manage your club, train and play your team is the difference between being the best team and just being better than everyone else. FIFA is the ultimate game to bring the World Cup experience right into your living room. is the ultimate game to bring the World Cup experience right into your living room. FIFA is the world's leading videogame franchise. The game has sold more than 200 million copies worldwide and been played by over 150 million people. The clubs, stars, arenas and pitches of football's beautiful game come to life in FIFA's stunning graphics, cutting-edge FIFA ball technology and over 40 official leagues. Now in FIFA 2K FIFA and EA SPORTS FIFA 14, FIFA makes history again with new gaming innovations and gameplay breakthroughs: New Player Impact Engine ( N.P.I.E.) and Player Intelligence & Control ( P.I.C.). Moreover, FIFA delivers:

- The Real Crowd - An all-new dynamic crowd experience - brought to you in-game by the roar of live crowds from around the world, and for the first time, created from crowdsourced crowdsourced data.
- Over 40 Official Leagues - New promotions, new stadiums and all 30 teams from the Bundesliga and UEFA Champions League are included for the first time on FIFA games.
- Expanded Europe and Latin America - Now you can choose your favourite football country - and see all the leagues in a new map layout.
- 20 different national teams - 20 new top players, all with unique on-field styles. In-game, your player will have a distinct personality that reflects their style of play.
- The Official FA Premier League - New stadiums, new players, all-new gameplay. It is the most comprehensive and authentic sports simulation experience in videogame history.
- New Player Impact Engine (N.P.I.E.) and Player Intelligence & Control (P.I.C.) - New Player Impact Engine (N.P.I.E.) represents the first significant graphical leap in the FIFA franchise and new player intelligence & control (P.I.C.) uses advanced physics to ensure an authentic and responsive player experience.
- More control than ever - Hand, head and foot controls optimized for tablets, smart phones and smartphones.
- New crowd features - The biggest crowd engine ever in a FIFA game can simulate 30,000 live fans at any
