Death of a Hologram Blendo Games / 2019 Puzzling cosplay game, in which a hologram detective investigates a missing master. You can play from either side of the bed, and interact with holographic forms that you can manipulate to look under things, search in inventory, and use objects. There's a pleasing ARGB colour scheme, and a haphazard writing style. This kind of game is another good example of the genre. The following detective games are available in several formats. Each of them includes both the game and its key so you can crack it as soon as you download it. Please use the links below to download the official version of the game, either to a PC, Mac or (most commonly) a Nintendo Switch. The Nintendo Switch version typically installs to the Nintendo Switch's internal memory so you'll need to transfer the game to the Switch's SD card if you want to access it via your home console.
